

Science: 'Our Diverse Planet'

This whole school home learning activity will be handed out on Wednesday 4th March and needs to be handed in on Monday 9th March. This activity will inform part of our Science Week learning.

Maths:

Have a go at completing the assigned tasks on Place Value and Addition and Subtraction on Mathletics.

The log in is in your child's reading diary.

www.mathletics.co.uk

**Van Gogh Home Learning
Year 1
Spring B 2020**

Please choose one activity a week to enjoy with your child. Please just initial the task completed and log in the Home Learning book the outcome. Please continue to read to and with your child.

English:

We are following and then writing instructions on 'How to make a wormery.'

Can you follow some instructions? It could be to make a cake, lego model or to play a game. Let me know what happened!

Art and Design:

We are learning to observe things really closely in Science.

Can you draw something carefully that you find outside? It could be a leaf, flower, snail shell or fruit. Look carefully at the pattern, colour, size and shape.

Speaking and Listening

Later on in the term, we are thinking about imaginary creatures. Can you make up a story about your favourite imaginary creature and what it gets up to? You could write it down or draw a story map of the key events in the story.
