### **Home Learning in the event of self-isolation or school closure**

Dear Parents and Carers,

We have been working hard over the last few days to find a solution to support parents with continued learning in the event that the school closes or that you are self-isolating your child.

We have utilised our Starz e-learning platform which forms part of our website and all children have today been given their individual log ins to this platform. When you log in, you will have access to an individual pupil page. If you click on the 'My class' tab and then choose 'Homework' you will see some home learning for your child to complete if they wish to. The password and log in details can be found in your child's reading record (if your child did not have their reading record in school today please send it in on Monday).

If you would like to return the home learning to teachers, please click on the 'Upload homework' tab at the bottom of the task. This can be a photograph, an electronic document, or a scanned image.

Attached with this letter we have also provided you with an overview of some generic year group learning for English and maths with relevant links.

We are not insisting that home learning be completed, particularly if your child is unwell, but we thought that we would put something in place for those families who would like their children to continue with their learning if they are at home.

Please feel free to take a look at this e-learning platform, but could we politely request that the learning is only completed if your child is not attending school for a genuine reason.

Kind regards,

A handwritten signature in black ink, appearing to read 'Mrs Matthews', written over a horizontal line.

Mrs Matthews  
Headteacher

*Our church school creates a firm foundation where together, with God's help and with the help of others, we learn for life, achieve our best and grow in faith.*
